# Qlamp LED Wall Light 30W

Q-RSD-008

DESCRIPTION:

- This type of fixture is used to illuminate a variety of areas such as: lighting building facades, parking areas, garages, loading areas and any other space requiring reliable safety and security.

- Huge LED retrofit market and new applications are also available in your marketplace.

- For difficult architectural illumination applications consider LED wall pack retrofit kits.

- High lumen output, energy-efficient optical control and easy universal installation features confirm the LED wall pack as the absolute choice for indoor and outdoor illumination.
